## **YUSEN LOGISTICS TO EXPAND SERVICE FOOTPRINT IN MEXICO**

Japan based Yusen Logistics inaugurated another Mexico facility at the AMISTAD Bajío Industrial Park last week. Prompted by the increased demand for its intermodal logistics services from clients like Mazda, Honda, Toyota and a wide array of OEM suppliers, Yusen awarded AMISTAD the construction of a 90,000 sq. ft. facility in Guanajuato.

“We are proud that Yusen chose AMISTAD’s construction team for this new facility and our industrial park for its home. The construction project unfolded smoothly. Yusen has had demonstrated international success and aggressive growth patterns in every market where they provide integrated intermodal logistics solutions. Yusen will enjoy success in the Bajío region and the entire AMISTAD team stands ready to support their assured growth!” Marco A. Ramon, President – AMISTAD
